

**Subject:** Karrinyup Men's Shed news bulletin 22 July  
**From:** Karrinyup Men's Shed <kcmensshed@iinet.net.au>  
**Date:** 22/7/2018 2:45 PM  
**To:** kcmensshed@iinet.net.au

**To: Karrinyup Community Men's Shed members**

### **Membership Fees**

Treasurer Richard Curry will put up a list of members who have paid their fees. If you think you have paid but your name is not on the list, please contact Richard, Peter Polain or one of the Supervisors.

### **Social Organiser**

We would like someone to take on the role of Social Organiser. The functions of this role are yet to be determined but will probably include arranging for Guest Speakers, Special events and Morning Teas. If you are interested please contact Phil Watt

### **Electrical Work**

The Electrician has completed the significant upgrade to our electrical capacity. There is now dedicated access for each machine as well as extra power to bench areas.

### **Work Benches**

Some work benches are now operational and we are expecting a prototype of an additional bench type in the next few days.

### **Machinery**

We already have some machinery which will allow quite a few wood working activities to be undertaken. We are also hopeful of hearing, around the end of July, the outcome of our application for a Veterans Affairs Grant which will allow for the completion of our machinery requirements.

### **Gardening Activities**

Peter Polain will be organising a meeting on Wednesday 25th July at 9.30am (at the Shed) for those who are interested in establishing gardens. The intention is to develop a plan of what the garden will look like, where it will be located and what facilities will be required. We know that some of you have expertise in this area and will be able to make valuable contributions so please attend.

### **Woodworking Magazines**

Terry Fuller has donated a lot of woodworking magazines from the time before there were many Internet articles and on line videos. These magazines have a lot of high quality articles on how to use tools and machinery, and detailed instructions for many projects.

When you have finished with a magazine, please return it to the Men's Shed for other members to use.

### **Supervisor Training**

We already have 4 members trained as Supervisors but need several more. It is intended that Supervisors will be rostered on such a basis as their time commitment will allow. Jim Barbas will be holding regular training sessions so please contact Jim if you would like to help in this way.

## **Safety induction and machinery introductions sessions**

These sessions will be run:

Tue 24 July

09:00 Peter Buegge

09:30 Jim Barbas

Wed 25 July

09:30 Jim Barbas

Thu 26 July

09:00 Graeme Harris

09:30 Jim Barbas

Initial projects will be making jigs and rigs for using the machinery.

Initially, if you have any safety gear of your own, such as safety glasses, ear muffs, breathing masks, work gloves, please bring them with you. We will soon have personal safety kits available to sell to you, but not just yet.

## **Newsletters**

If there are any problems with the newsletter emails, or you know a member who hasn't received one or you have any suggestions, please contact Terry Fuller via the Shed's email address [kcmensshed@iinet.net.au](mailto:kcmensshed@iinet.net.au) or his personal email address below.
