Karrinyup Men's Shed Bulletin 10 November 2019

From: Karrinyup Men's Shed <kcmensshed@iinet.net.au>

To: Karrinyup Community Men's Shed members

Machining Recycled Timber

Members are reminded, that prior to putting any recycled timber through the machines, it is absolutely essential to check for nails by using the metal detector which is available at the shed.

Last week, the blade on the table saw was damaged beyond repair when cutting recycled timber.

A simple precautionary check by the operator would have avoided the need to replace the blade which costs more than \$100.

This applies to any machine in the shed. If in doubt consult with a more experienced shed member, or ask Jim before proceeding.

HP black ink cartridge

Peter Polain has a new HP ink cartridge to give away because his old printer died and his new one is not a HP.

The cartridge is a HP21 black ink.
